

# Crafting Visions.

*When smart project management and dedicated craftsmanship meet technical innovation, visions become extraordinary living spaces. For generations, we have been working at List GC to create the highest quality. As an Austrian family business we are proud to be one of the leading international partners in interior+ outfitting of luxury yachts and residences. We turn visions for living into reality – for both indoor and outdoor areas.*

***We are crafting visions.***

# Passionately professional.

We combine state-of-the-art process and project management with innovative technical solutions and traditional craftsmanship. As a general contractor, we cover all areas of the value chain – from planning and project management to production and installation to turnkey delivery. Our specialists strive to create the most exclusive living spaces with dedication and expertise.

# Interior+

*Indoor and outdoor spaces blend into innovative living zones.*

## Our Business Areas.

### **Yacht New Build**

We realise complete rooms or individual areas, ceilings and wall claddings as well as loose furnishings inside and outside of yachts. With over 20 years of experience in the interior outfitting of exclusive yachts, we are among the top interior+ partners worldwide. Over 80 motor and sailing yachts already bear List GC's signature – including some of the most impressive yachts in the world.

### **Yacht Refit**

Trends and tastes might change – but quality endures. From small touch-ups on a yacht to extensive redesigns: with our craftsmanship and understanding of exceptional design, we at List GC create a new feel for existing yacht interiors and exteriors – entirely tailored to individual wishes. After all, almost 400 successfully implemented refits speak for themselves.

### **Residential**

List GC has been realising extraordinary designs for private residences and hotels since the 1980s. No two projects are alike – this is equally true for all projects in the luxury market: aesthetics, design and multifunctionality are the order of the day. We've successfully implemented over 300 projects worldwide – from 5-star superior hotels in Vienna to exclusive pent-houses in London.

# Our Portfolio.

## Interior Projects

Exclusive woods, high-quality mother-of-pearl surfaces, gold leaf inlays or fine leather upholstery – we always follow current industry trends in interior projects and use innovative methods that we've perfected over the past years.

## Exterior Projects

Indoor and outdoor areas are increasingly blurring. In the best case seamless. With an ingenious substructure, visible panels specially developed for exterior use and weather-resistant paint, we offer the ideal know-how for exterior areas.

## Exterior Claddings & Ceilings

White high-gloss finishes, oiled wood veneer or extraordinary special surfaces: with our intelligent cladding & ceiling solutions, we create smooth transitions from inside to expand the scope outside and thus for designing ceiling solutions in the outdoor area.

## Bespoke Furniture

We offer custom-made individual furniture for indoor and outdoor use. Moreover we develop well thought-out technical applications. Perfectly combined materials and artful special surfaces make our bespoke furniture as exceptional as it is functional.

# Our Promise.

*For us, the fusion of traditional craftsmanship with innovative technologies is a lived experience and we tackle new visions in a spirit of joy and reliability.*

An Austrian family business that appreciates the value of partnership and working together as equals - that's List General Contractor, or List GC for short.

The pioneering spirit has always driven us, since our beginnings in 1950 as a small carpentry business in the south of Lower Austria. We combine craftsmanship and dedicated professionalism with bold innovation and stability.
